Dear Sir:

The patent cited on the enclosed form PTO-1449 (copy of patent enclosed) was cited in a Preliminary Search Report dated January 23, 2002 received for a French Application which corresponds to the above-identified patent application.

This patent may be material to the examination of the above-identified patent application and is, therefore, being submitted in a timely manner in compliance with the duty of disclosure defined in 37 CFR 1.56. Please refer to the Search Report for indications of category and allegedly relevant passages. The patent is characterized in the Search Report as a category "A" – arrière-plan technologique document. The other two patents cited in the Search Report are already of record in this application.

This Supplemental Information Disclosure Statement is not to be construed as a representation that a search has recently been made, that additional information material to the examination of this application does not exist, or that this citation constitutes prior art.
